Grab the opportunity now to purchase this affordable and very tidy brick home with inground pool.

With great street appeal and a handy position, the home offers a practical family friendly design for easy living and entertaining.

Spacious inside and featuring a large comfy living area adjacent to the entry foyer at the front of the home complete with air-conditioning for all year round contentment. The kitchen and dining areas are both well positioned overlooking the outdoor patio area and inground pool creating the perfect aspect for keeping an eye on the kids while they are playing or swimming in the pool.

All three bedrooms have ceiling fans and built-in robes, the air-conditioned master bedroom with ensuite positioned away from remaining bedrooms. The single lockup garage is extra-long and has internal access into the dining room and as an added bonus there are security screens on all the windows and doors.

The highlight of the backyard is the tranquil inground pool which I am sure the whole family will appreciate. From the patio area you can sit and relax
