Type: Unit
<http://hangloosa.com.au>

Located on the ground floor this light and bright apartment allows easy access with no stairs but has also been especially adapted to being WHEELCHAIR FRIENDLY along with design features such as a hobless shower, controlled hot water temperature, flick mixer taps, support rails and a ramp from the unit out to the courtyard.

If using a wheelchair or walker you have direct access to the unit from the carport and from the unit itself out to Gympie Tce. These added features tap into another market which provides an excellent return on investment with holiday letting.

Regatta Riverfront Apartments has built an excellent reputation and continues to be extremely popular to visitors looking for a location that is within easy reach of restaurants, shops and services.
